More about us on <http://www.interbuild.eu/aboutus.html>

Our Representative Office in Jida, Zhuhai now has a vacancy for the above mentioned position, based in Shenyang or in the neighbouring area.

#### The work entails

- ✓ To carry out quality inspections at suppliers' premises, make sure their quality standard is in compliance with *Interbuild standards* or our buyers' quality requirements and authorize the release of shipments accordingly.
- ✓ To perform quality inspection work in-progress and finished goods, prepare relevant inspection reports and submit on time to immediate superior accordingly.
- ✓ Co-ordinate customer complaints, the follow-up of corrective actions and improvement activities implementation
- ✓ To carry out supplier evaluations, audits, identify supplier development needs and to assist in related problem solving
- ✓ Dealing & monitor with suppliers on delivery arrangement
- ✓ To carry out any other duties as delegated by management from time to time

#### Suitable candidates should have

- ✓ Thorough engineer education and minimum 2 years experience in QC line
- ✓ Good in decision making related to quality issues, familiar with QCs problem solving tools
- ✓ Perfect oral and written English and excellent communication skills
- ✓ Familiar with ISO 9001, ISO 14001, FSC ([www.fsc.org](http://www.fsc.org)) management systems and experience in auditing
- ✓ Ability to work effectively as a team member interfacing at all levels within the organization as well as with suppliers
- ✓ Ability to prioritize and manage multiple deadline-driven tasks/projects in a fast paced environment
- ✓ Strong organizational skills and attention to detail
